DIPLOMA IN

ARCHITECTURAL STUDIES

AWARDING BODY

ABOUT ARCHITECTURAL STUDIES

From laying your design foundations in the first year to strengthening your analytical and conceptual thought processes by the third year, the Diploma in Architectural Studies is a design-cum-technological programme that adopts a unique project-based learning approach, to develop you into an investigative design innovator equipped with a knowledge of the latest building technologies.

You will spend at least six months apprenticed to Interior Design & Architectural Firms. By the end of the programme, you will emerge with a solid portfolio and foundational knowledge in architectural design. Discussion is ongoing with the Professional Architects Council (PAC) of Mauritius for the accreditation of this Course for the different graduates to be eligible to undergo their respective registration process with the council.

CAREER & PROGRESSION OPPORTUNITIES

Graduates can opt to work in the technical support designation such as Draftsperson, 3-D Visualiser, Industry Resource Supplier or Site Supervisor. Opportunities also exist in the other areas, including marketing, promotion, facility management and development. Many large organisations, such as departmental stores hotels, resorts and property developers, also employ architectural graduates as designers as well as managers and supervisors in their architectural and design team.

Enrolling for this diploma is only the start of one's journey as a BSc(Hons) Architecture can be pursued afterwards.

UCSI University is a vibrant community of learning and scholarship. At present, more than 12,000 students study at the University. Over the years, students from 110 different countries have studied at UCSI University, making the campus a melting pot of culture and diversity. As one of Malaysia's first private universities, UCSI University has long impacted the national higher education landscape and the University continues to do so with its wide range of undergraduate and postgraduate programmes.

PML is pleased to collaborate with such a renowned University recognised worldwide by bringing the Diploma in Architectural Studies at the very door step of every student in Mauritius. It is a life-time opportunity which you should not miss.

THE DURATION

2.5 years (Including **24 weeks** Industrial Experience)

ENTRY REQUIREMENTS

3 Credits at SC Level with Mathematics

Those with no credit in English will follow two additional English modules during the course.

PATHWAY TO HIGHER STUDIES

Because you will qualify for an international qualification, you will have the opportunity to connect to a Bachelor degree abroad.

Alternatively, you will also be able to articulate onto higher education institutions in Mauritius and continue to benefit from free Education.

**IF YOU HAVE NOT COMPLETED ANY RECOGNISED DIPLOMA OR DEGREE BEFORE,
THEN YOU QUALIFY FOR FREE TUITION FEES BY THE GOVERNMENT.**
